^[2] Certain statements for the Morgan Stanley 719 Account included multiple months of activity in one statement. For the first month(s) in each of these periods, I have included the account value of the Treasury Notes and Treasury Bills reflected on the prior month account statement. The value of the Morgan Stanley Custodial Holdings is based on the activity reflected on the combined account statement, including dividends.

^[3] In May 2000, \$18 million of Treasury Notes was transferred out of the Morgan Stanley 719 Account, including \$11 million transferred to Madoff Securities International Limited for the benefit of Ruth Madoff (see UKMSLLWA00004586 and UKMSLLBE00000905).
